

2024 Hurricane Pricing

Every Hurricane Season, we hope for the best and prepare for the worst. Rockaway is prepared to offer storm-related cleanup and removal services to our maintenance partners. We are equipped to offer hurricane related cleanup after the storm to include limb and frond removal, debris clearing, drive and doorway clearing, flood related sand and dirt removal, tree staking and set back, small to medium tree removal or cut/drop. At this time, large, fallen tree removal will be assessed on a case-by-case basis and may require one of our tree vendors, the same goes for trees on houses or structures. We will be able to cut and clear most drives, walks and access areas that may be blocked by fallen trees. Below is a list of prices for labor, machinery and debris removal.

By signing this document, you agree to be on our priority cleanup list. Included is a preapproved dollar amount. By signing this document, you will be on our priority cleanup list and will allow us to dispatch a crew for cleanup as soon as possible after the storm event. Our managers will assess the cleanup needs when possible after the storm and give a ballpark estimate for cleanup. Signing this document will allow us to dispatch a crew prior to the property assessment and complete the cleanup process promptly. A minimum \$400 dispatch fee will be charged in the event a crew is sent to a priority site and little to no cleanup is needed.

Storm Related Cleanup Pricing:

General Cleanup Labor: \$90 per man hour

Mini Skid Steer loader with operator: \$200 per hour

Full Size skid steer with Grapple and operator: \$250 per hour

Crew trailer of Debris: \$150*

Dump Trailer of Debris: \$200*

Grappel truck of debris: \$850*

*Please note, in the past, debris disposal prices have fluctuated after storms and the above debris disposal charges may increase in this event.

By signing this document, you agree to the above pricing for hurricane cleanup work and to be put on our priority list for cleanup. The preapproved amount allows us to dispatch a crew in the most efficient manner and is not representative of the final invoiced amount for any storm work completed.

Approval for priority hurricane cleanup:

Preapproved Cleanup amount: _____

Signature _____ Date _____

Printed Name _____
